

Markus Amnegard

Photographer / Cinematographer / Art Director / Designer / Strategist

Profile

Born in Canada and raised in Sweden. I grew up in the worlds most northern vineyard. I've traveled around the globe to chase my biggest passion, which is snowboarding. Snowboarding has steered me into what I love today which is creating film and taking photos, this hobby has led me to who I am today. I'm a very productive and easy going person that loves to get things done.
